

Orantech Warranty Terms

1. The supplier warrants that the Products will be free from material defects, will conform, within normal commercial tolerances, to the applicable specifications, and for a period outlined in the chart below.
2. The Buyer will submit to the Supplier a list of products its customers have claimed a warranty replacement for to be replaced per the provision Replacing Warranty and Non-Conforming Products below using a Warranty Replacement Notice. Products that have failed under warranty will be collected from the customer and shipped to a US address at the Supplier’s expense and will be replaced by the Supplier at no charge.
3. Non-conforming products are defined as a Product that does not meet the specifications defined by the manufacturer. Where a Product is identified by the Buyer as a non-conforming product it will submit a Supplier Quality Notice. Both Buyer and Supplier will establish a correction timeline for such non-conformities.
4. Replacing Warranty and Non-Conforming Products. Subject to paragraph Exclusions directly below, Buyer's sole remedy for breach of this warranty will be Supplier providing Buyer with a replacement Product, at Supplier's sole expense limited to the cost of the replacement product and shipping of it to the Buyer.
5. Exclusions. This warranty does not extend to any Product Buyer abuses, neglects, or misuses according to the applicable documentation or specifications, or to any Product Buyer has had repaired or altered by a Person other than Supplier.
6. This Product Warranty does not apply for any Masimo compatible product that contains a chip, the warranty for these products will be stipulated and governed by a separate agreement.
